## Sunday, May 3rd, 2020 2-5pm (plunge @ 3:30) 15<sup>th</sup> Annual Fundraising Plunge to benefit Groundworks Collaborative's Shelter Building

**Groundworks** is raising the final dollars needed to build a new and permanent home for our community's Seasonal Overflow Shelter as well as adequate space for Day Shelter services for our neighbors with nowhere else to call home. The new shelter is desperately needed, as there is no other available space to host the Seasonal Overflow Shelter in the Winter.

Help us make this new shelter a reality for our community and neighbors in need.

CHECKS MAY BE MADE PAYABLE TO GROUNDWORKS COLLABORATIVE and write "PLUNGE" in the memo line
